

Talal Alsadi, MSc., PMP, PMI-RMP, PMI-ACP, FBCS

Talal Alsadi has over thirty years of international and local experience in Project Management, IT Management, and Leadership consulting and training. He is considered an international expert on the subject of project management and enjoys a superb reputation as an inspirational Project Management trainer and professional.

Mr. Alsadi holds a Master's Degree in Computer Science from De Paul University in Chicago, USA, and has been certified as a Project Management Professional® (PMP) by the Project Management Institute (PMI) since January 2005. He's also a PMI Certified Risk Management Professional (PMI-RMP) and a PMI Agile Certified Practitioner (PMI-ACP). He taught project management and Systems Analysis and Design courses at Seneca College in Toronto. He also coached and mentored project managers at NORTEL Networks and the Royal Bank of Canada in Toronto. He also delivered Project Management courses for more than 30 different clients in the UAE and Canada.

Mr. Alsadi has 30 years of experience working for major firms in Canada and the UAE. He worked and managed the project management office at Nortel Networks, Cedara Software Engineering and the Royal Bank of Canada.

Mr. Alsadi headed the project management group at Injazat Data Systems in Abu Dhabi where established the PMI best practices within the company.

His project management learning material is approved by PMI and is internationally used in delivering project management courses including Introduction to Project Management, Project Management Professional (PMP) and Risk Management courses.

Mr. Alsadi managed and delivered a variety of projects for the UAE Air Force & Air Defense (AFAD) in the UAE between 2009 and 2012. He developed the UAE AFAD Project Management Methodology based on International Standards and best practices.

Mr. Alsadi joined the UAE Ministry of Foreign Affairs in August 2012 as a Project Management Expert. He developed a project management methodology for the Ministry based on international standards and best practices. He also trained twelve project managers in the Information technology department.

Mr. Alsadi was also involved in project management consultation for the office of the Minister of Foreign Affairs.

Mr. Alsadi recently joined Abu Dhabi Center for Technical & Vocational Education & Training (ACTVET) as the CEO of the Emirates Project Management Academy (EPMA).
